Sake Selection Menu

Sake is Japan's greatest cultural export. Sake quality is determined by rice variety, climate, water quality, and production technique. Our sake offerings have been specifically selected to pair perfectly with our world-class sushi, hibachi, and modern and delicious main dining dishes.

Ultra-Premium Sake

Jizake Tenzan

Jizake Tenzan is made from highly refined Saikai No. 134 rice that undergoes extreme scrutiny for sake brewing suitability. It is best enjoyed chilled or on the rocks. Rich, heavy, yet slightly dry, with a distinctive sake flavor.

Karatamba

Moderate melons and fruity aroma. Medium body with a dry texture. Slight pineapple flavor with a medium sweet finish.

Wasuremono

It is made using a rare process called Yamahai, which means that the brewer uses native yeasts. It has a rich rice flavor with notes of melon and has a fairly lengthy finish. Sake lovers will enjoy this very much.

Kurosawa from Nagano

30

Traditional Sake. Made using the rare Kimoto method, this sake is very approachable and flexible. Smooth and Dry.

TY KU SUPER Premium "Black"
